Amendments to the sailing instructions

2.2 Check-in Check-out procedure

The competitor must sign when she/he is going out to sail and again when she/he returns to the shore. A race organizer will have the list on which to sign in front of the maintenance building. If the signing is missing 5 points is added to the competitors scoring without a hearing.

4.3 When flag K is displayed the race area is area A and the upwind- downwind course is used. The trapezoid course and other race area than A is normally used without displaying any flag.

4.4 When Flag D is displayed ashore with one sound the signing procedure (look at SI 2.2) will start. Boats shall not leave the harbor until this signal is made.
