

SOCIAL PROGRAM

Opening Ceremony on Tuesday the 17 th of July

Sailors should be ready on their RIBs at 1815. A RIB- parade starts (look at the map) and we will stay in RIBs slightly from the shore in front of the stage, where the opening starts at 1830.

Sailors should wear the national life jacket or have at least a national flag either attached on their life jacket or bearing a national flag in their hand.

The Tytyri Mine Experience on Wednesday the 18th of July (<https://www.tytyri.lamyskaivos.fi/en/experiencemine/>)

no entrance fee for Zoom8 sailors and their support persons

Tytyri limestone mine, over 100 meters below ground level, demonstrates the work done by miners and gives you a sense of past times. Down here time stands still and history is strongly present, even though parts of the limestone mine are still in operation.

There are two guided tours (Finnish, Swedish and English) to the limestone mine. First tour starts at 1800 (6 p.m.) and second 2000 (8 p.m.) - **please notice this change in schedule**. Meeting point at the entrance of the mine 20 mins before the tour. **Both tours are already full-booked**. Take warm clothes with you, because the temperature is around 8C in the mine. Take your Zoom8- "passport" with you.
